This website uses Google Analytics to track visitor data for the purpose of website optimization and to determine which audiences are visiting the site.

Google Analytics uses a first-party cookie and JavaScript code to collect information about visitors. Visitors to this website who have javascript enabled are tracked using Google Analytics. This website may use a technology called a "cookie". A cookie is a piece of information that our webserver sends to your computer (actually to your browser file) when you access a website. Then when you come back our site will detect whether you have one of our cookies on your computer. Our cookies help provide additional functionality to the site and help Us analyze siteusage more accurately. For instance, our site may set a cookie on your browser that keeps you from needing to remember and then enter a password more than once during a visit to the site.

This website uses Internet Protocol (IP) Addresses. An IP Address is a number assigned to your computer by your Internet service provider so you can access the Internet. Generally, an IP address changes each time you connect to the Internet (it is a "dynamic" address). Note, however, that if you have a broadband connection, depending on your individual circumstance, it is possible that your IP Address that We collect, or even perhaps a cookie We use, may contain information that could be deemed identifiable. This is because with some broadband connections your IP Address doesn't change (it is "static") and could be associated with your personal computer. We use your IP Address to report aggregate information on use and to help improve the website.

You should be aware that this site is not intended for, or designed to attract, individuals under the age of 18. We do not collect personally identifiable information from any person We actually know is an individual under the age of 18.

Areas of this website that collect Your Information use industry standard secure socket layer encryption (SSL); however, to take advantage of this your browser must support encryption protection (found in Internet Explorer release 3.0 and above).

We may share Your Information and the Other Information collected on this site with agents, contractors or our partners in connection with services that these individuals or entities perform for, or with, Us. These agents, contractors or partners are restricted from using this data in any way other than to provide services for Us (for example, providing you with requested materials).

We reserve the right to share the Your Information and the Other Information collected on this site to respond to duly authorized information requests of governmental authorities or where required by law. In exceptionally rare circumstances where national, state or company security is at issue (such as with the World Trade Center terrorist act in September, 2001), We reserve the right to share our entire database of visitors and customers with appropriate governmental authorities.

We may also provide Your Information and the Other Information collected on this site to a third party in connection with the sale, assignment, or other transfer of the business of this website to which the information relates, in which case We will require any such buyer to agree to treat the information collected on this site in accordance with this privacy statement.

As a convenience to our visitors, this website may contain links to a number of sites that We believe may offer useful information. The policies and procedures We described here do not apply to those sites. We suggest contacting those sites directly for information on their privacy, security, data collection, and distribution policies.

Please note that if your request is for contact list removal you may continue to receive materials while We are updating our lists. Please also note that removing yourself from this contact list will not remove you from any list developed through any other website maintained by Boehringer Ingelheim Pharmaceuticals, Inc. and/or Eli Lilly and Company.
