Ingelheim

Veterinary Scholars Program

01 August 2022

Dear Program Director and Scholars:

We are excited to announce the **2023 Boehringer Ingelheim Veterinary Research Student Award**, which highlights and underscores the BI Veterinary Scholar mission of exposing veterinary students to biomedical research and potential research career paths. The 2023 recipient will receive \$1500 cash, be recognized at the 2023 Veterinary Scholars Symposium and if applicable a travel stipend to present their work at the Symposium. Program Directors, please be sure that the **2022 scholars** at your institutions receive this notification.

*Please submit applications electronically (PDF format) by December 30<sup>th</sup>, 2022 to: [monica.figueiredo@Boehringer-Ingelheim.com](mailto:monica.figueiredo@Boehringer-Ingelheim.com) Hard copy submissions will not be accepted.*

**The award is based on the following criteria:**

- The Scholar, regardless of funding source, has met the criteria to be selected as a summer scholar in line with the program mission and will submit data from the 2022 summer work only.
- The Scholar attended the 2022 National Veterinary Scholars Symposium and presented their work in the form of a poster.
- The Scholar completed the 2022 proposed project work plan as agreed with their Principal Investigator. Individual projects should include a testable hypothesis, specific objectives, description of research, and interpretation/discussion of data and findings in the form of an abstract and/or poster. Demonstration of the use of biomedical research skills in specialty fields is desirable.

**Applications for the award must be received by December 30<sup>th</sup> 2023. The application consists of:**

- (1) A summary of the Scholar's 2022 (only) work in manuscript format,
- (2) A letter from the Scholar highlighting their experiences from the summer research and committing to attend in person or virtually the 2023 Veterinary Symposium to present their work,
- (3) A letter of recommendation from the Principal Investigator who mentored the student during the summer, and
- (4) A letter of recommendation from the BIVSP Program Director.

**The award winner will be notified by the end of March 2023.  
The award will be presented to the recipient at the 2023 Veterinary Scholars Symposium.**

Best regards,

Monica D. Figueiredo, DVM, PhD, DACVIM  
Executive Director, BIVSP  
Associate Director, Global Quality Animal Health
