

TOLL-FREE TECH SUPPORT

Applicator and maintenance instructions can be found inside the header card or in the applicator instructions included. Still have questions or need tech support for the oral drench applicator? The number for the toll-free help line (1-888-684-2876) is printed on the side of the applicator barrel.

ITEM CODE: 131208

1 TUBING
60 in. of durable flexible tubing.

4 NOZZLE
4 in. optional calf nozzle.

7 VALVE & SPRING
Replacement part included.

2 15 mL DIAL-A-DOSE
Strengthened assembly.

5 SPRINGS
To limit kinking in the tubing, which can reduce product flow.

8 BRASS NOZZLE
Smaller-diameter orifice prevents product dripping.

3 HOOK
Now comes pre-assembled.

6 DRAW-OFF CAP
Use ONLY for 500 mL and 1000 mL bottles (inverted) of low-dose SYNANTHIC 22.5%.

15 mL DRENCH APPLICATOR

2 15 mL DIAL-A-DOSE

One click. One dose. Count on it.

The dial-a-dose assembly is strengthened to withstand the metal housing of the applicator. The dose range is 3 mL to 15 mL in 1 mL-dose increments.

3 HOOK

Ready for action.

The applicator comes pre-assembled, with the hook already attached and ready to use. An optional short nozzle is also included as an additional attachment.

7 VALVE AND SPRING

Comes with a spare.

We've included an extra valve and spring in the bag in case you need it.

8 BRASS NOZZLE

Durable brass nozzle prevents dripping.

The nozzle's smaller-diameter orifice prevents product dripping out of the tip.

SYNANTHIC RESIDUE WARNINGS:

Cattle must not be slaughtered until seven days after treatment. Because a withdrawal time in milk has not been established, do not use in female dairy cattle of breeding age.
